

Wisdom in a Wired World

Professor: Dr. Keith Plummer

February 11 – March 10, 2020

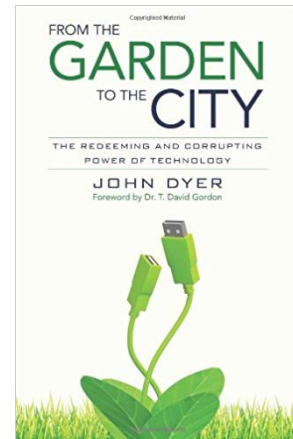

Tuesday Evenings, 7:00-9:00 p.m.

Textbook:

From the Garden to the City:

The Redeeming and Corrupting Power of Technology, by John Dyer

Technology refers to far more than the electronic gadgets with which we're often preoccupied. This class will look at what technology is and how it fits within the biblical story. We'll also seek to become more aware of the ways that the tools we create shape *us* and how we can cultivate and exercise wisdom in assessing and using them.

Date	Class Topic	Pre-Class Reading
February 11	Why We Need to be Discerning about Technology	Foreword, Introduction to Chapter 2
February 18	Technology Through the Lens of Creation	Chapters 3 – 4
February 25	Technology Through the Lens of the Fall	Chapters 5—6
March 3	Creating and Using Technology Redemptively	Chapters 7—8
March 10	Valuing Being “Present” Over Being “Connected”	Chapters 9—11

* In case of a weather-related cancellation, class will be held on the next Thursday.
